Dedicated Systems Operations Associate Engineer with 1.4 years of experience in optimizing system performance and ensuring reliability. Proficient in Linux and Windows administration and implementing different DevOps tools for streamlined workflows. Adept at problem-solving and committed to continuous learning.

EDUCATION

Bachelor Of Engineering
- Viva Institute Of Technology
- Year: 2021
- Grade: 7.33

HSC Computer Science
- Shri T.P Bhatia Junior College of science, Kandivali West
- Year: 2017
- Percentage: 65.40%

SSC
- Shri Raghubir Madhyamik Vidyalaya, Kandivali East
- Year: 2015
- Percentage: 85.4%

TECHNICAL SKILLS

- **Front-End Development:** ReactJS , JavaScript , HTML5 , CSS3 , MUI , Angular
- **Database:** MySQL
- **Cloud Platforms:** AWS (EC2, Route 53, S3 Bucket), AWS CLI
- **APIs and Tools:** Postman , Swagger Documentation , Vs Code ,PuTTY, & FileZilla(FTP)
- **(CI/CD):** Gitlab
- **Containerization:** Docker
- **Database:** MySQL
- **Version Control:** Git ,Gitlab and GitHub

WORk EXPERIENCE

● **Jr. Front End Developers (ReactJS)**
  - **Edu planet**
  - **July 2023 - Present**

Contribution Highlights:

- Proficient in **ReactJS** and React Material UI library **(MUI),** adept at creating UI pages and resolving project bugs and enhancements.
- Implemented a **global error handler system**, enhancing project stability and user experience**.**
- Identified and **resolved bugs** and **enhancements** within projects, ensuring smooth functionality and user experience
- Demonstrated expertise in **AWS** by provisioning **EC2 instances** and setting up project **environments** using **PuTTY Generator**.
- Hosted domains on servers, ensuring seamless access to web applications.
- Documented and organized **Swagger APIs**, streamlining API management and usage.
- Actively collaborated with senior team members in API testing, contributing to project quality **assurance** and **optimization efforts**.
- Leveraged Postman for comprehensive **API testing**, contributing to the project's quality assurance process.
- Collaborated with **cross-functional** teams to resolve issues and communicated effectively.
- Coordinated with engineering teams for **Root cause analysis (RCA)** and permanent resolutions .

PROJECTS

- **My Portfolio Web Page** (https://rkd618.github.io/MyPortfolio/)
  - Created a portfolio website using the HTML, CSS, and JS.
  - Deployed the portfolio on GitHub to make it accessible to a broader audience.

- **ASSOCITE WEB PAGE** (https://clovemind.com/therapist.html)
  - Spearheaded the development of an engaging **Responsive webpage,** boosting client engagement and event participation Managed the uploading of website files via **FILEZILLA FTP**.

- **Grocery Shop APP**
  -https://play.google.com/store/apps/details?id=com.ourgrocery.grocery_item
  - Designed and implemented the database and schema for the 'Grocery Shop' app using MYSQL WORKBENCH, successfully hosting it on **AWS RDS** and **S3 bucket** for efficient data management

- **NIKE CLONE**
  - Developed a Nike clone app with added features, ensuring responsiveness across all devices, and **hosted** the website using **GitHub repositories**.

CERTIFICATIONS

- Angular certification course - Udemy
- Internship letter
- Second Place in Mini Project Competition , Second Year Of Engineering College
- First Place in Mini Project Competition, Third Year Of Engineering College

EXTRA-CURRICULAR ACTIVITY

- **Sports Achievements- Cricket**
  - **-** Led the team to the school sports competition.

SELF-DECLARATION

I hereby declare that the information above is true to the best of my knowledge.

Yours Sincerely,
Rohit Yadav
